DEPOSITORIES FOR PUBLIC MONEY - continued:

2. Compliance Requirements - continued:

- Investments may not have a maturity date exceeding 5 years, except when the investment is used in an escrow account to refund an outstanding bond issue in advance. (Section 7-6-202(4), MCA)
(Note: See exception in following compliance requirement.)
- An investment of the assets of a local government group self-insurance program established pursuant to Section 2-9-211, MCA, or Section 39-71-2103, MCA, may not have a maturity date exceeding 10 years, and the average maturity of all those authorized investments of a local government group self-insurance program may not exceed 6 years. (Section 7-6-202(5), MCA)
- Revisions made to Section 7-6-202, MCA, by the 1995 Legislature were effective upon passage and approval, which was on April 13, 1995. An applicability clause in the legislation specified that these revisions do not apply to and do not require the sale of securities that were legal investments before this effective date. However, upon liquidation of such investments, the proceeds must be invested pursuant to the revised Section 7-6-202, MCA. This applicability clause has been interpreted to mean that mutual fund dividends may not be reinvested after the effective date unless the mutual fund is a United States government security money market fund meeting the criteria specified in the Section 7-6-202(3), MCA, as revised.

Suggested Audit Procedure:

- Review selected investments, including both investments held at year-end and during the fiscal year, to determine if the types of investments are authorized by state law.

(Sections 7-6-201 and 7-6-4601, MCA)

I. COMPLIANCE REQUIREMENTS AND SUGGESTED AUDIT PROCEDURES:

DEPOSITORIES FOR PUBLIC MONEY - continued:

Suggested Audit Procedures:

- Determine that demand deposits are only placed in banks as required by Section 7-6-205, MCA.
- Determine that all public money is deposited in banks, building and loan associations, savings and loan associations, or credit unions located in the city or town, except as provided in Sections 7-6-202 (investments), 7-6-206 (time deposits and repurchase agreements), and 7-6-2701 (registered warrants), MCA.

4. Compliance Requirement:

- When the city or town has money for which there is no immediate demand (excluding money realized from the proceeds of bonds), the city or town may invest in city or town warrants. The city/town council must direct the treasurer to purchase legally issued general obligation warrants that were issued against funds in which there are not sufficient funds to pay such warrants at the time of issuance. The city/town council will designate the fund or funds to be invested and designate the warrants to be purchased. The warrants will be registered and bear interest. (Section 7-6-4603, MCA)

Suggested Audit Procedure:

- Review investments to determine if the city or town has invested in its own registered warrants. If it has, review the minutes or other documentation to determine if the council authorized the city treasurer or town clerk to purchase the warrants, and determine that the registered warrants are paying interest at a rate set by the council.

5. Compliance Requirement:

- Whenever the city or town has under its control any money realized from the sale of bonds, for which there is no immediate demand and which in the judgment of the city or town council it would be advantageous to invest in any time or savings deposits, United States certificates of indebtedness, United States treasury notes, or United States treasury bonds having a maturity date of 1 year or less, the city or town council is authorized in their discretion to direct the city treasurer or town clerk to make such investments. (Section 7-7-4102, MCA)

Suggested Audit Procedure:

- Review long-term debt files and determine if the city or town has invested any money realized from the sale of bonds. If it has, review the minutes and investment ledgers or other documentation to determine if the money was invested as describe above.

I. COMPLIANCE REQUIREMENTS AND SUGGESTED AUDIT PROCEDURES:

BIDS FOR DEPOSITS AND INVESTMENTS:

6. Compliance Requirement:

- The city or town may solicit bids for time deposits or savings deposits from banks, savings and loan associations, or credit unions within the state. Bids for repurchase agreements may be solicited from all financial institutions chartered to do business in the state which are authorized to accept demand deposits and to buy and sell securities. The city or town may deposit money in the institutions unless a local financial institution located within the city or town agrees to pay the same rate of interest. The governing body may solicit bids by mail to the institutions that have requested that their names be listed for bid notice with the Department of Administration. (Sections 7-6-206 and 7-6-213, MCA)

Suggested Audit Procedure:

- If the city or town solicits bids for investments, review the documentation regarding the interest rates presented during the bidding process. If the interest rates for local and non-local institutions are the same, determine that the local financial institution was chosen.

- The rate of interest paid to the city or town must be the same as that paid on money from private sources on the same terms. Refusal of any bank, building and loan association, savings and loan association, or credit union to pay that same interest rate shall constitute a waiver of that institution's right to participate in the deposit of public funds. (Section 7-6-203 and 7-6-4602, MCA)

Suggested Audit Procedure:

- If, based on the auditor's knowledge and background, it is discovered during the audit that interest paid to the city or town may not be the same as the interest that is paid on money from private sources on the same terms, the matter should be investigated further and disclosed if it can be documented that a lower interest rate was paid to the city or town.

PLEDGED SECURITIES:

8. Compliance Requirement:

- The city or town may require security for that portion of the deposits in financial institutions that are not guaranteed or insured according to law. The local government can require security to the extent of:

- b. 100% of the deposits if the financial institution has a net worth to total asset ratio of less than 6%.

(Section 7-6-207, MCA)

(Note: The coverage rates for public funds that are insured by the Federal Deposit Insurance (FDIC) and National Credit Union Administration (NCUA) are as follows:

- (a) Up to \$100,000 in the aggregate for all time and savings deposits (share certificates and regular share accounts for credit unions); and**

9. Compliance Requirements:

- Pledged securities must consist of those specified in Section 17-6-103, MCA. (Section 7-6-207, MCA)
- When negotiable securities are furnished, the city or town governing body must make a complete minute entry of the acceptance and approval of such securities. If a financial institution substitutes securities, the governing body shall approve the substitution at its next official meeting. After negotiable securities have been approved, the governing body must reapprove them at least quarter-annually thereafter. (Section 7-6-207 & 208, MCA)

Suggested Audit Procedures:

- Determine the type of securities pledged to protect the city's or town's deposits and determine that they comply with the requirements of Section 17-6-103, MCA.

PLEDGED SECURITIES - continued:

Suggested Audit Procedures - continued:

- Determine that the substitution of pledged securities is approved by the city or town governing body.

PETTY CASH FUND:

10. Compliance Requirement:

- A municipal governing body may set aside a sum out of the general fund, which must be known as a petty cash fund. The petty cash fund must be used for the purpose of paying incidental expenses, such as freight charges, express charges, postage, and other similar expenses that must be immediately paid in cash. (Section 7-6-615, MCA)

Suggested Audit Procedures:

- Determine if the city or town maintains a petty cash fund and verify that it is only used for the paying incidental expenses, such as freight charges, express charges, postage, and other similar expenses that must be immediately paid in cash.
- Verify that the petty cash fund has been authorized by the governing body and has been set up and maintained on the imprest basis.

CASH TRANSFERRED TO OTHER FUNDS:

11. Compliance Requirement:

- Money may not be transferred from one fund to another except by resolution of a municipal governing body unless the transfer is:

 - a. tax increment finance districts;
 - b. specialized tax situations;
 - c. the purpose of distributing refunds, protested taxes, or interest charges for interest in lieu of registered warrants;
